

Happy December to our incredible employees and volunteers. As we close out 2019 and look to 2020 I am happy to announce the City Council adopted the 2020-2025 Strategic Plan last night. Thank you to all the staff and community who provided input during the planning process. A Strategic Plan communicates an organization's long-term goals and the objectives. To view the 2020-2025 Strategic Plan: [click here](#). One of the Focus Areas for the Plan

includes improving Communication and Outreach and beginning in 2020 the Neighborhood Council program will be restructured to include an enhanced breakfast program and online service request support. The elimination of the monthly evening meetings will give staff the time and resources needed to make these improvements.
